

# The Anthroposophical Society in America

Greetings from the Eastern Region Holding Group!

As a group, we continually live with the question, how can we best serve anthroposophy in our region? Two of our members are on the General Council of the Anthroposophical Society. I can share that how to best serve the branches and groups, is something that lives strongly in all of us.

Therefore, we are attempting something new by inviting branches and groups from the different areas to share a picture of how the anthroposophical life is fostered in their area.

**We would like to invite you to our next Eastern Region Video Newsletter on September 14 at 7:30 pm.**

Three regional branches and groups will share their work for approximately 20 to 30 minutes each.

- ✳ From the Southeast Area, **Auburn Alabama Study Group** with **Helene Burkart** and members
- ✳ From the Mid-Atlantic Area, **The Berkshire-Taconic Branch** with --**Patrice Maynard** and members
- ✳ From the Northeast Area, **The Anthroposophical Society in Greater Boston** with **Cynde Reilly** and members

During that time, they will offer their insights into the following questions:

- ✳ *How do you work with and involve the School of Spiritual Science and the wider anthroposophical movement?*
- ✳ *How do you foster a relationship with the national office?*
- ✳ *What role does your branch/group fulfill in your community?*
- ✳ *How is anthroposophy fostered in your branch/group?*
- ✳ *What are your future plans?*

This event will be recorded and viewable afterwards for a limited time.

We look forward to seeing you all on the call,

Gino Ver Eecke

Eastern Region Representative to the General Council (NY)

**Eastern Region Holding Group:** Angela Foster (GA), Cathy Green (TN), Sheena Ifkovitch (PA), Dave Mansur (MA), Gino Ver Eecke (NY)

**See you on September 14th at 7:30 pm!**
